➤ **FULL HD FOR COMPLETE TV ENTERTAINMENT**

By combining Full HD 1080p LED and 100 AMR technologies the Toshiba L2 series makes improvements to your viewing experience that you can actually see. More vivid colours and smooth, clear images mean that sport, games and movies will all look better than they did before while the slim, stylish casing and distinctive slim bezel mean that your new TV will enhance the design of any room. Various screen sizes make sure the L2 series will look good in any room.

A built-in digital tuner provides access to a vast range of free to air entertainment without the need for an additional set-top box but HDMI, USB and PC input ports mean that you can watch movies, play games or listen to music from almost any source you choose. Of course, all of these features come with Toshiba's assurance of quality and reliability.

LED TV

Latest LED technology combines slim designs, brilliant colours and high energy efficiency.

FULL HD
1920x1080

Full HD 1080p resolution gives you the full impact of sports, games, movies and photos.

AMR 100
Active Motion & Resolution

100 AMR helps the screen keep up with fast-paced sports and movies.

MHL
mobile high-definition link

MHL support displays the content of your mobile device to the TV while simultaneously charging the device.

DUAL TUNER

Built-in digital tuner to access all your favourite digital channels without extra equipment.
